SUNDAY MORNING, JUNE 5, 1853.

TEMPERANCE CONVENNION.

This body convened at the Representative Hall yesterday and was called to order by appointing Dr. J. E. Manlove, President, C. K. Winston, Vice President, and W. B. Ewing and H. Carrott, Sec-

Rev. Dr. Larstey, by desire, delivered a prayer. The Chairman arose, and addressed the meeting, · defining his position.

On motion, a committee of five were appointed by the chair, to draft a suitable presmble and resolutions for the consideration of the convention.

Dr. M. M. HENKLE, G. S. NEWSON, J. H. Mc-Ewen, Esq., Dr. R. MARTIN and Dr. R. O. CURREY, were appointed said committee; who, after retiring a short time, and after returning, offered a long preamble, setting forth the reasons of the call of the meeting, the evils of intemperance, the necessity of removing the evil by Legislative prohibition, the necessity of present and uncompromising energy in the movement in Tennessee, to bring about the desired result.

The Convention then adopted the following reso-

Resolved, That regarding the traffic in intexicating drinks as the source of a large proportion of the misery, pauperism, and crime on the community, we feel ourselves called on by considerations of patriotism, morality and humanity, to use every lawful means in our power for the effectual removal of this great evil.

Resolved, That laws enacted for regulating the evil cannot operate to suppress it, and that entire prohibition of the truffic as now existing among us presents the only possible remedy to our minds, and that in order to the accomplishment of this end, we will, in voting for members of the State Legislature, give a decided preference to such as are willing to enact a law prohibiting the sale of ardent spirits, except for chemical and medicinal purposes, at least when such a law shall be recommended by the votes of the peo-

WHEREAS, The response of the regular candidates for the Legislature in this county, respecting their willingness to support a prohibitory law, is not sufficiently full and explicit to satisfy the advocates of a prohibitory policy. There-

Resolved, That the President of this Convention be re. quested to appoint a committee of five persons, whose duty it shall be to inquire of the candidates for the Legislature in this county, whether they will support a proposition or joint resolution, to be brought up at an early day of the next session, giving to the people the right to declare by vote, so soon as practicable, in favor or against a law prohibiting the sale of spiritous liquors -except for chemical or medicinal purposes-and, also, whether they will vote for the passage of such a law if it should be brought before the Legislature during their continuance in office, the principles of such law having previously received the approval of the people, sy vote; and that the committee be instructed to report the answers of such candidates through the political papers of the city.

Resolved, That said committee be authorized and required to call another convention similar to the present, to meet in this city two weeks from to-day, if, in their judgment, the purse of the candidates interrogated by them, shall seem equire such convention.

CIRCUIT COURT

Mayor and Aldermen of Clarksville vs. Field & Marris. This was a suit instituted by the plainiffs against defendants as guarantors on a contract for - Burney for the construction of a road conecting with a bridge to be built over Red River at Clarksville, which was under contract by defend ants. Burgers being insolvent, suit was brought against his sureties.

It was contended by Mr. MARTIN'S council that he was not responsible, the guaranty being made in the name of the firm by Firins individually, and being out of and beyond the business of the par nership, it was not his act. The general defend was that the corporation had suffered no damages and had since sold out Bungan's contract to other and reliable persons. Court adjourned to Monda 10 o'clock, before verdict was brought in.

Capt. W. BARRY, superintendent of Sumner Spinning Mills, arrived on the steamer Fannie Farar having in charge nine handsome ladies, which he brought with him from Pittsburg. A number of young men from the works of Nasu, Mans & Co., and formerly of Pittsburg, hearing of their arrival, called on them and took them out riding. They galons. leave this morning for Gallatin.

Hogs and Whisky .- The Cincinnati Atlas has

the following paragraph: The largest distillery in the United States is at New-Richmond, Ohio, on the river about twenty miles above Cincinnati. There are two distilleries in the town. At the largest there are now made 125 barrels of whisky per day; at the other 80—that is, New-Richmond furnishes the world 205 barrels of whiskey every day, or about 70,000 barrels per annum. In the large distillery there are now 9000 hogs; in the other 7000. These hogs are changed three times a year, which makes 27,000 from one, and 21,000 from the other, or 48,000 hogs from New-Richmond annually. At certain seasons of the year, from the character of their food, or from other causes, epidemics prevail among the hogs. Last winter over 3000 died. In the last two years about 12,000 hogs have died at the two distilleries. These hogs are not a dead loss; their carcasses are rendered into lard oil .-The business of the manufactory, at which this "saving process" goes on, amounted the last six months to over \$5000. Last year 459 barrels of lard were made from the hogs that died in the

In the larger distillery there are now in store about 100,000 bushels of grain. It is a spot as inviting to great rats as ever was California, or Australia to gold-loving men. The trade between Cincinnati and New Richmond supports a steamer, which makes daily trips down and back. The freight is mainly hogs and whisky. But a considerable business is done, also, in flour, of which at the two distilleries there are ground every day about 100 barrels.

MELANCHOLY DEATH RESULTING FROM SPIRITUAL Monomania.- We learn from the Taunton Gazette, that Miss Nancy Sherman, of Plympton, who died on the 15th inst., starved herself to death. She had been quite noted as a medium of spiritual communication, and by constant nunistration in that office. had become so completely imbued with its hallucination as to be wholly unfitted for the ordinary duties of life.

About a month since, she attempted to hang herself, but was prevented from accomplishing her design. She then announced that the spirits had forbidden her eating any more, and for three weeks she studiously abstained from partaking of food, at low rates. living on water alone, although at times so tortur-

> H. G. FARRELL'S CELEBRATED ARABIAN LINIMENT

TRIUMPHANT OVER DISEASE. THIS celebrated medicine, skillfully composed as it is of the most bealing balsams and penetrating oils, can never fail to cure almost every affliction that could be alleviated fail to cure almost every affliction that could be alleviated by an external remedy. Its superiority over all other Liminents is proven by the miraculous cures it performs, and by the great and conetantly increasing demand. There has been sold within the past year more than THREE MIL-LIONS OF BOOTLES, and there can be but few persons found who do not bestow upon it the highest praise for the rare virtues it possesses. Nothing, perhaps, since the creation of the world, has been so successful as an external remedy for all nervous diseases, as this wonderful curative. When applied, it instantaneously diffuses itself through the whole system, soothing the irritated nerves, allaying the most intense pains, and creating a most delightful sensation. Read the following remarkable cure, which can be attested to by hundreds who were fully acquainted with the whole circumstance.

CHRONIC ENLARGEMENT OF THE TONSILS. CHRONIC ENLARGEMENT OF THE TONSILS.

My daughter, when six months old, was taken with a swelling in the tonsils, which grew larger and larger, till when six years old she had great difficulty in swallowing her food. Every night watch was kept, fearing she would suffocate. The best doctors attended her but could give no relief. I took her to the most eminent doctors in the East; they said there was no help for her but to outgrow it. With a sad heart I returned home with her, when she became so much worse that the doctors had to be called in again; they decided that the tonsils must be cut off, as the only means much worse that the doctors had to be called in again; they decided that the tonsils must be cut off, as the only means of giving relief. My wife would not consent to this, and she determined to try your Liniment, which gave relief the very first application, and by a continued use she entirely recovered. She is now ten years old and fleshy and healthy as could be desired. Your Liniment is also the best in use for sprains, bruises, cuts, burns, headache, etc., and it will remove the most severe pains in a few minutes. It also cured caked unider in up cow in a few days. caked unnder in my cow in a few days.

Look out for Counterfeits!

The public are cautioned against another counterfeit, which has lately made its appearance, called W. B. Farrell's Arabian Liniment, the most dangerous of all the counterfeits, because his having the name of Farrell, many will buy it in good faith, without the knowledge that a counterfeit exists, and they will perhaps only discover their error when the spurious mixture has wrought its evil effects.

The genuine article is manufactured only by H. G. Farrell, sole inventor and proprietor, and whole sale druggist, No. 17 Main street, Peoria, Illinois, to whom all applications for Agencies must be addressed. Be sure you get it with the letters H. G. before Farrell's, thus—H. G. FARRELL'S—and his signature on the wrapper, all others are counterfeits. Look out for Counterfeits! and his signature on the wrapper, all others are counterfeits.

RED SPRINGS. We take pleasure in announcing to our numerous friends and patrons, that we are now ready to accommodate all who may wish to avail themselves of the benefits of our place. Extensive preparations have been made for the comfort both of the invalid and the man of pleasure. It were needless for us to attempt to set forth the value of our place, n a medicinal point of view. Many, afflicted with various lisenses, have visited us, and after a few weeks sojourn have gone away either entirely cured or greatly relieved— particularly such as have been afflicted with Scrofula, di-seases of the Skin, Stone in the Bladder, and also of the Digestive System in general. Of these facts, there is au abundance of proof, and many who have certified to them, and the same have gone forth to the afflicted people. And we have at this time two living specimens of Scrofula cases, cured sound and well, with us, to be seen as testimeny to our decsound and well, with us, to be seen as testmony to our declaration; one of which was almost a hopeless case.

We are in Macon county, Middle Tennessee, 12 miles east
of Lafayette, our county seat, 65 or 70 miles from Nashville,
45 miles turnpike, and the balance high ridge road, and
other good country roads coming from every point—from
